Overview of the Department/Team

Dogs Trust is the largest dog welfare charity in Ireland with a nationwide presence; our head office is based in our rehoming centre in Dublin, with regional rehoming hubs currently located in Munster, South Leinster and Connacht, supporting a growing network of volunteer foster carers across the country.

The Operations Department is responsible for achieving the mission of Dogs Trust through the intake, rehabilitation and rehoming of dogs in Ireland, as well as empowering dog owners (customers) by connecting them with other support services. The Operations department is a team of c. 50 employees and a number of volunteers across Dogs Trust's Dublin rehoming centre and Dogs Trust regional rehoming hubs that successfully helps as many dogs as possible. This department comprises over 60% of Dogs Trust staff.

The Operations Department strives to achieve excellence in logistical and rehoming processes as well as our already high canine welfare and customer experience standards.

Dog Welfare Assistants are part of the core Ops team, working alongside Behaviour Officers, Rehoming Advisors, Dog Welfare Supervisors, and volunteers to deliver excellent dog care and support efficient dog flow through our centre.
