

**With two minutes of your  
time, you can save the life  
of a dog like Andromeda**

**Quick, Easy,  
Free, Life-saving**

## **Will Dogs Trust have access to my personal tax details?**

No. We don't see how much tax you pay or how much you earn. All we'll have access to are the details you share with us in your tax back form.

## **What information do I need to complete my form?**

It couldn't be simpler, all we need is your signature along with your PPS number and the date.

## **Do I have to complete a form every year?**

No, your Enduring Certificate enclosed is valid for 5 years. We will only be able to claim tax back on a year where you donate €250 or more. And when the Certificate expires we will send you a new one.

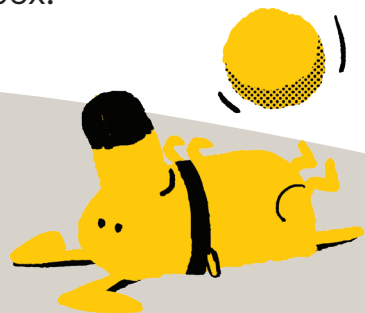

## **Will claiming this rebate affect my tax status?**

It won't affect your tax band or credits and won't cost you a cent extra.

## **How do I return my form?**

Simply put it in the Freepost envelope supplied and pop it in your nearest post box.
